JOSEPH N. AUSTIN, } Auditors.

REPORT

—OF—

Superintending School Committee

—OF THE—

TOWN OF KENSINGTON,

FOR THE YEAR ENDING MARCH 1, 1882.

REPORT OF THE Superintending School Committee.

For the year ending March 1, 1882.

At the commencement of the school year, it was ascertained that a number of scholars between the ages of six and nine years, were unable to read writing, and a number between the ages of nine and twelve were unable to write simple sentences. But the introduction of Harrington's Graded Spelling Book, and the necessary practice required in the preparation of the lessons, have caused a wonderful improvement. Now, all the scholars over seven years of age, can write simple sentences, and many can write long lessons.

Believing that a "good letter is a sure sign of a sound education," much attention has been given to letter writing, and great progress has been made. Some excellent letters from the larger pupils have been examined by the committee, and some very good ones by little girls of seven.

DISTRICT No. 1.

STEPHEN M. KIMBALL, *Prudential Committee.*

MISS SARAH E. LANE, *Teacher.*

Miss Lane is a teacher of several years' experience, and has some excellent ideas in regard to making her pupils work. She is a very conscientious lady, and feels that she has not been able to do justice to all her pupils, as the school is large, and she has twenty-five different classes to hear daily, besides attending to general exercises, penmanship, and composition. At the examinations, and on different visits of the committee, the recitations have been very interesting. An exercise, in the combinations of numbers and historical dates, deserves especial mention. The pupils in the school had a fine exhibition at the Town House, and obtained money enough to buy a Webster's Unabridged Dictionary, and a number of wall maps. At the closing examination, an excellent exercise, in regard to President Lincoln, was recited by the scholars, and some fine compositions read. Wages of teacher per month, \$38.00. Summer term, 11 weeks; number of scholars, 44. Fall term, 12 weeks; number of scholars, 43. Winter term, 9 weeks; number of scholars, 45. Number of scholars attending to each study one term: reading, 45, spelling, 45, penmanship 40, arithmetic, 42, geography, 37, grammar 26, history, 10, composition 18, book-keeping 3, algebra 8, philosophy 4.

ROLL OF HONOR.

Not absent or tardy during the year, Frank L. Tucke, Frank Philbrick, Perley Rollins, Annie A. Tucke.

DISTRICT No. 2.—EAST SCHOOL.

Theodore K. Mace, *Prudential Committee.*

Miss Hattie D. Burgess, *Teacher.*

Miss Burgess has succeeded admirably in winning the love and confidence of her pupils, and one of them gave

her a high tribute of praise, by saying that she made the lessons deeply interesting. "While her whole number of scholars was only thirty-two; the average number was thirty." At the examinations, and on different visits of the committee, the "readiness and fluency of the recitations have evinced careful study, and told well for the training of the school." Five or ten minutes have been devoted daily to vocal music, and the singing was excellent and formed a pleasing feature of their entertainments. They obtained money enough to buy a clock, some wall maps, and a very pretty picture to adorn the school room.

Wages of teacher per month, \$24.

Summer term, 8 weeks. Number of scholars, 33; Fall term, 15 weeks. Number of scholars, 36. Number of scholars attending to each study one term: Reading, 36; Spelling, 36; Penmanship, 36; Arithmetic, 32; Geography, 17; Grammar, 10; History, 6; Composition, 21; Vocal Music, 36; Physiology, 5; Algebra, 4.

ROLL OF HONOR.

Not absent or tardy during the year. Rose Evans, aged 6 years, 4 months; Georgie Beckman, aged 6 years, 7 months.

DISTRICT No. 2.—WEST SCHOOL.

Theodore K. Mace, *Prudential Committee.*

Mr. Charles W. Eastman, *Teacher.*

This is Mr. Eastman's second year in this District and the scholars have made remarkable progress under his instruction. In written spelling, the little ones have exceeded the most sanguine expectations of parents and committee, and the recitations of these small children, in Geography and Historical Dates, deserve great praise. With one exception, the order has been *perfect*, proving Mr. Eastman to be a fine *disciplinarian*, and we think

the parents generally would accord him the praise of being a superior teacher. He does not encourage idleness, and gives the children work enough, without taxing them too severely. He and his sister, with the assistance of some presents furnished by parents, decorated a very large Christmas Tree, which was a source of much pleasure to those who had never seen one.

Wages of teacher per month, \$24.

Summer term, 7.7 weeks. Number of scholars, 19; Fall Term, 14.8 weeks. Number of scholars, 23; Number of scholars attending to each study one term : Reading, 23; Spelling, 22; Penmanship, 19; Arithmetic, 19; Geography, 7; Grammar, 6; History 3; Composition, 10; Book-keeping, 1; Algebra, 1; Geometry, 1.

ROLL OF HONOR.

Not absent during one term ; Roscoe Fellows, Charles E. Austin, Carrie E. Foss, Florence G. Hull, Mary Hull.

LIZETTE C. RAND, Supt. Com.

Kensington, Feb. 18, 1882.
